December 2020

Dear Santa

With many of the shops closed in recent weeks I appreciate you and the reindeer will have been extra busy preparing for the big day. Thanks in advance for your prompt delivery; it's always appreciated. I assume you're not yet doing Click-and-Collect?

Please could you drop off a nice bottle to our many loyal clients who have been fantastic this year, giving us some great instructions and now paying our invoices on-line, by return, which is greatly appreciated. Please also thank Anna and the team at The Monkeybean Coffee House, adjacent to our office. They have been brilliant. Blitzen will love their brownies, so a special gift dropped on their door-step would be much appreciated.

The greatest gift you could give this Christmas, or at least early next year, is a vaccine against COVID-19. Please could it be one that doesn't need to be transported at minus 80 degrees because although we appreciate Dasher and the team like it cold, even they can't work below minus 30 degrees.

Please take care on your travels and remember that we will leave your food and drink outside this year as unfortunately you're not in our bubble.

Ian

P.S. I appreciate that this time next year we may just be starting LOCK-DOWN No 5, but please don't let that worry you yet as we'll still be here providing our professional assistance and will have just entered our 38th year in business (established 15th November 1984).
